if you want to create products and services that provide real value you should first identify touchpoints areas where business and customer needs intersect this practical book shows you how using various mapping techniques from ux design you ll learn how to turn customer observations into actionable insight for product design author jim kalbach principal ux designer with citrix introduces you to the principles behind alignment diagrams a class of deliverable also known as experience mapping using

several examples you'll learn how to visually map your existing customer experience based on user research and demonstrate how and where customer perspectives intersect with business goals using alignment diagrams you'll not only be able to orchestrate business customer touchpoints but also gain stakeholder support for a product or service that provides value to both your business and your customers this book is ideal for product managers marketers customer experience professionals and designers

customers who have inconsistent experiences with products and services are understandably frustrated but it's worse for organizations that can't pinpoint the causes of these problems because they're too focused on processes this updated book shows your team how to use alignment diagrams to turn valuable customer observations into actionable insight with this powerful technique you can visually map existing customer experience and envision future solutions designers product and brand managers marketing specialists and business owners will discover how experience diagramming helps you determine where business goals and customer perspectives intersect armed with this insight you can provide the people you serve with real value mapping experiences isn't just about product and service design it's about understanding the human condition emphasize recent changes in business using the latest mapping techniques create diagrams that account for multichannel experiences as well as ecosystem design understand how facilitation is increasingly becoming part of mapping efforts shifting the focus from a deliverable to actionability explore ways to apply mapping of all kinds to noncommercial settings such as helping victims of domestic violence

in this study of anglo saxon dress gail owen crocker synthesizes a wide range of evidence archaeological historical and artistic to reconstruct the history of the age tracing political and cultural change through its repercussions in the area of fashion the study aims to show how the growth of a christian literate culture is reflected in the increased importance of written or illustrated material as indicators of dress styles

this volume of papers the proceedings of the 2007 harlaxton symposium explore various aspects of the friars in britain the contributions are grouped under the following sections preachers and theologians relationships texts and writers art and iconography the image of the friar and local studies topics range from the relationships

between friars and monks in cathedral cities to mendicant glass in east anglia and from franciscan medical astrology to the negative portrayal of the friars in reformation pamphlets

mirror wars how to spot stop and heal from narcissistic abuse is a powerful story driven exploration of what happens when reality is slowly rewritten and how to take it back written in a raw first person voice by allen dekeyser this book goes beyond surface level psychology to expose the lived experience of narcissistic abuse the confusion the self doubt the constant second guessing and the quiet erosion of identity that happens behind closed doors this is not a clinical textbook it is not a checklist written from a distance mirror wars walks readers through the emotional battlefield itself where manipulation disguises itself as love control hides behind charm and the victim is slowly trained to mistrust their own mind inside readers will learn how narcissistic abuse actually unfolds in real life not just in theory why gaslighting is so disorienting and how it fractures self trust how trauma bonds form and why leaving feels impossible the difference between empathy and self abandonment how to set boundaries without guilt or collapse what healing looks like after psychological warfare not overnight but honestly most importantly this book reminds readers of a truth they may have been trained to forget if you are questioning your reality that does not mean you are broken it means something broke trust mirror wars is for anyone who has ever asked was it really that bad why do i feel like i m losing myself why do i still miss someone who hurt me this book doesn t rush healing it doesn t shame attachment and it doesn t demand forgiveness it helps readers reclaim clarity agency and peace one truth at a time

introducing readers to a wide range of maps from different time periods and a variety of cultures this book confirms the vital roles of maps throughout history in commerce art literature and national identity
